Cake flags

Just cut out each flag, fold them in half and stick to a cocktail stick. And that's it – cake flags that really will save lives!

And make sure you show your friends, family and followers your cake flags in action by sharing your event on social media. Just be ready for the stampede of hungry people...

Every brownie you buy
and sponge you scoff
helps us save even more
lives through stem cells.

Every brownie you buy
and sponge you scoff
helps us save even more
lives through stem cells.

Every brownie you buy
and sponge you scoff
helps us save even more
lives through stem cells.
